Ribble Valley Mayor Cllr Stuart Hirst is inaugurating a new circular walking trail around the beautiful Ribble Valley and Forest of Bowland AONB. The new 65 mile route has 7 stages and as well as an opportunity to support the Mayor's charities, it will be developed as a permanent visitor tourism attraction for the area to attract walkers locally and nationally to the borough.

The Mayor's inaugural walk, fully reconnoitred with the support of the County Authority and colleague Cllr Robert Thompson is sponsored by Whalley Warm & Dry Outdoor Footwear & Clothing Specialists and will start on 1st September at their premises in Whalley and will be completed by the Mayor. Following completion, full details including supporting route maps and a digital navigation App will be published on the Ribble Valley Borough Council's web site and made available for all to enjoy.

" I sincerely hope this new walking trail will become a nationally recognised attraction for visitors to the Ribble Valley but I would also encourage you please to use this opportunity to support my three very worthy charities by sponsoring my inaugural walk.

Full details as to how you can easily do this now appear overleaf. Any contribution is much appreciated and will give hope to many families like my own who have been touched by these issues and please do circulate my appeal to all your colleagues, friends and families. Thank you so much."

Cllr Stuart Hirst Borough Mayor 2022-23
